

448X - SAE 40

Formulated from High Viscosity Index (HVI) base oil and high quality additive which meets railroad diesel engine oil requirement.

DILOKA 448X is free from zinc and chlorine. It is also designed to provide minimum 180 days oil drain interval.

DILOKA 448X gives improved alkalinity reserve, detergency, and anti-oxidation performance. This performance meets the requirement of fuel and low oil consumption diesel locomotive engines.

Diformulasikan dari base oil High Viscosity Index (HVI) dengan aditif khusus bermutu tinggi yang memenuhi persyaratan mesin diesel kereta api.

DILOKA 448X bebas kandungan zinc dan chlorine. Pelumas ini juga didesain agar mempunyai masa pakai pelumas minimal 180 hari.

DILOKA 448X memiliki ketahanan alkalinity, kemampuan detergency, dan anti oksidasi yang lebih baik. Kinerja ini memenuhi kebutuhan mesin diesel lokomotif yang mensyaratkan konsumsi bahan bakar dan pelumas yang lebih rendah.
